SURYA VINYL PVT.LTD.

VERSATILE FILM.
CONSISTENT PERFORMANCE.

Non-Pharmaceutical Grade PVC Blister Films

A dependable rigid PVC film for non-pharmaceutical blister, clamshell and thermoformed packaging. Produced on the same calendaring infrastructure as our pharma films, it delivers uniform thickness, good clarity and reliable forming for efficient packaging operations.

KEY FEATURES

- Uniform thickness and consistent film quality
- Good clarity and surface finish for product visibility
- Reliable thermoforming and sealing behaviour
- Available in clear and a wide range of colours
- Reduced material wastage and improved production efficiency
- Customised microns and colours on request
