SURYA VINYL PVT.LTD.

PHARMA-GRADE FILM.
PROTECTION YOU CAN TRUST.

Pharmaceutical Grade PVC Blister Films

Calendered on German-engineered Kleinweffer lines fed by planetary extrusion, Surya pharma-grade PVC blister films combine high clarity, consistent gauge and excellent thermoforming, helping protect product integrity and shelf life.

KEY FEATURES

- High barrier properties against moisture, oxygen and gases
- Excellent thermoforming on blister packaging lines
- High clarity and superior surface finish
- Non-toxic, tasteless and odourless
- Coloured variants offer opacity for light-sensitive products
- Resistance to heat, UV exposure and radiation; sterilisation compatible

TYPICAL SPECIFICATIONS
