SURYA VINYL PVT.LTD.

STATIONERY PVC.
CLARITY WITH STIFFNESS.

Stationery Grade PVC

Stationery-grade rigid PVC offers the stiffness, clarity and print-friendly surface needed for office and stationery products. Supplied in rolls or to size, in clear or tinted shades, it converts cleanly by cutting, creasing, punching and welding.

KEY FEATURES

- Good stiffness and dimensional stability
- Clear, tinted and opaque options
- Clean cutting, creasing and punching
- Smooth surface suited to printing
- Consistent gauge across the roll
- Thickness and colour customised on request
